

UPCOMING EXHIBITION

Apron Chronicles

JAN 23, 2021 - MAY 9, 2021

A Patchwork Of American Recollections

When the major traveling exhibition known as *Apron Chronicles* premiered in 2005, its primary focus was to transport us to a simpler time. Today, as we contemplate how to move forward from a turbulent and disrupted present, *Apron Chronicles* gives us the opportunity not to escape reality but to see it in a different light. Come explore the themes of hope, connection,

survival, achievement, regret, and liberation, as told from the healing perspective of connectivity.

Apron Chronicles features photography, personal narratives, and one-of-a-kind aprons, and lets visitors add their own stories to the experience. And while the storytellers' recollections were each prompted by an apron, they're not about fabric. Sharing a depth of emotion and social complexity both intimately personal and universally relatable, the exhibit reminds us that we're all in this together.

History Colorado is the final stop in the *Apron Chronicles'* sixteen-year journey.
